

TSA (TWIC) ENROLLMENT LOCATIONS BY STATE

If you need assistance with pre-enrollment please contact the TSA Hot Line number at 1-866-347-8942 form 0800 to 2400 EST. You must first pre-enroll and have your **TSA User ID number and Password** assigned in order to gain access to the TSA enrollment site. This will allow you to pick an enrollment location nearest you and assign an appointment time. Most enrollment locations are open from 0800-1700 unless otherwise stated on the web-site by clicking on the site location for pre-enrollment. Assigned enrollment times take precedence over walk-in and can save you considerable time.

NOTE: It is important that you bring with you the Pre-Enrollment Receipt which has the applicant's name and ID printed on it. This will save you considerable time during the enrollment process, without it you may have to re-do the entire pre-enrollment registration again.

According to the Lockheed Martin all site locations will be open for pre-enrollment for a minimum of 120 days. Each site location will then be re-evaluated for an additional 30, 60, or 90 days or possibly longer depending on applications received, most enrollment centers will become fixed TSA locations. The TSA will also be opening Mobil Enrollment Centers at various COTP locations (Oil Terminals etc.) these site may not be open to the public for walk-in enrollments, please check with your local (FC) for more information.

The Trusted Agent (TA) will take your fingerprints on each hand. ***They will also designate one finger that will be used to verify your ID when coming back to pick up your TWIC document. This fingerprint will also be used for the hand held bio-metric reader, by the USCG and TSA, to verify an applicant's identification.***

The TSA will notify when your card is ready, usually within 30 business days, all applicants must return to the original site location, for their *Identification Check* and to enter your 6 to 8 digit PIN number to activate your card. ***Make it simple to remember, this number will be used by the TSA and USCG for all Biometric Reader ID checks.***

If you are a Mariner and have completed the TWIC pre-enrollment process but are called back to work before you can pick up your credential, you may return to the site location upon your return. The TSA will make arrangements for you to pick up and activate your card even if the site location has been closed.

How much will port workers be charged for a TWIC? The fee for TWIC will be \$132.50 and is valid for five years. Workers with current, comparable background checks (USCG MMD's or Licenses) will pay a reduced fee of \$105.25. If workers are eligible to pay the lower price, their TWIC will expire 5 years from the date of the comparable credential (MMD or License). It is beneficial for applicants who will use a comparable security threat assessment (MMD or License) and pay the reduced fee to do so within 12 months of receiving the comparable threat assessment. After 12 months, it is more cost effective to pay the full fee for TSA to complete the security threat assessment and issue a TWIC with an expiration date 5 years from the date of issuance. The cost of a replacement TWIC, if the original is lost, stolen or damaged is \$60.

Please remember that only VISA, Master Card, Certified Check, or Money Order made out to Lockheed Martin are acceptable forms for payment. American Express, personal checks and cash are not accepted.

For additional information you may also contact the Lockheed Martin (FC) representative for the Enrollment Locations nearest you. We will keep you advised as additional information becomes available regarding site locations.
